UI/UX Designer

EXPERIENCE

Lead UI/UX Designer

Genadrop

April 2022 - Present, Remote.

I designed, guided and led a small team of Ux designers to deliver a seamless user experience for Genadrop NFT art creation tool, Minting and Marketplace. I was responsible for crafting the design system, pixel perfect interfaces, useful interactions, userflows and branding. I collaborated with development team on implementation, and testing before lunch.

UI/UX Designer

Minority Programmers

Jan 2022 - Mar 2022 - 3 months, Remote.

I collaborated with the product team to re-design, prototype, and deliver aesthetically pleasing UIs and enjoyable user experiences for underrepresented people in tech within the web application. I followed a lean design process: research, design, test, and iterate.

UI Designer

Bleu.eth (not live yet)

Aug 2021 - Jul 2021 - 3 months, Remote

Designed a portfolio website for Bleu, a US navy veteran and NFT artist. I was responsible for crafting her website to reflect her brand as an NFT artist.

Graphic Designer

Flourish Super Rice

Nov 2020 - Dec 2020 - , Freelance

Designed prints and social media flyers for Flourish Super Rice. I crafted the business logo and developed the visual branding to appeal to both existing and new customers.
